

Dear Friends,

Thank you so much for praying for us. We have a very intense season in our lives. Grandpa became sick last week on Thursday, and yesterday I had to take him into the hospital. They are running many tests on him. Would you please pray for him as he is experiencing weakness, shortness of breath, and possibly another pneumonia.

Today Rob is leaving with Csenge from St.Louis to take her to Chattanooga. Tomorrow Csenge needs to be checked into the College. It is an amazingly joyful thing, an incredible opportunity, but at the same time also hard to let her go so far. With Hajni, we already said goodbye to her two weeks ago, and it was really difficult emotionally. We all know that the Lord is with her, and He will remain with her there in the College. He is faithful and good. Would you please pray for safe travels, for a good start for Csenge and friends for her, and also for Rob as he will return to Hungary on Saturday.

In this very difficult season, where we are busy with Grandpa being here and Csenge moving to the College, the church is running by God's grace amazingly well. Our youth pastor took the youth for a day trip, and he also led a week-long informal summer church camp with the families who wanted to pull away together, about 60 of them. They had such a blessed time together. One person became a Christian at the end of the week. Praise the Lord for his wonderful blessings! The church is not ours but the Lords and even in Rob's absence the Lord provides. We rejoice over that and praise Him for his faithfulness to his people.

So good to know that you are praying! Thank you!

Blessings and Love to all of you from Hungary, Tünde
